Definitions

A "complaint" is defined as any written communication that expresses dissatisfaction with a specific person or entity subject to regulation under the state's insurance laws. An oral communication, which is subsequently converted to a written form, will meet the definition of complaint for this purpose.

A "confirmed complaint" is defined as a complaint where insurers, licensees, producers, or other regulated entities committed any violation of:

- 1) An applicable state insurance law or regulation;
- 2) A federal requirement that the state department of insurance has the authority to enforce; or
- 3) The term/condition of an insurance policy or certificate; or
- 4) The complaint and entity's response, considered together, indicate that the entity was in error

*The determination as to whether a complaint is confirmed or not is made as a part of the analysis of the complaint file by SCDOI Office of Consumer Services staff.

"Confirmed Complaints as a % of Total Complaints" is the Confirmed Complaints divided by the Total Complaints, then multiplied by 100.

"U.S. Market Share" is calculated as the premiums or number of policies written nationwide for the company divided by the total of premiums or number of policies written nationwide. The market share assists the consumer in identifying the companies with the most impact on the market and the degree of competition in the market.
