et seq., the South Carolina Consumer Protection Code, Other Than Loans Made

SUBJECT: Notice of Tentative 2023 Credit Accident and Health Insurance Rates and
Opportunity to Request a Hearing

DATE: August 1, 2022

I. NOTICE OF TENTATIVE CREDIT ACCIDENT AND HEALTH INSURANCE RATES

Regulation 69-11.1, Regulation of Credit Insurance, requires the South Carolina Department of Insurance (Department) to promulgate tentative rates for credit accident and health insurance by August 1st of each year. The tentative rates are those the Department believes may reasonably be expected to produce a loss ratio of not less than fifty percent (50%) in the following calendar year. This Bulletin constitutes official notice of the tentative rates for 2023.

The Department has reviewed the last several years' experience for credit accident and health insurance written in conjunction with consumer credit transactions subject to the Consumer Protection Code and not including credit accident and health insurance written in conjunction with loans subject to the Consumer Finance Law. The aggregate loss ratio for credit accident and health insurance at the prima facie rates were: thirty-six percent (36.0%) in 2021, thirty-nine and two tenths percent (39.2%) in 2020, and forty-three and seven tenths percent (43.7%) in 2019. In July 2021, the Department proposed a rate decrease to address this trend. *See* S.C. Department of Insurance Bulletin 2021-05. The Department proposes no changes for 2023, because the 2022 results have not been reported or analyzed.

What follows are the tentative single premium rates per \$100 of initial indebtedness proposed for 2023 for credit accident and health insurance:

<i>Period</i>	<i>14-Day Retro</i>	<i>30-Day Retro</i>
12 Months	\$1.38	\$1.30
24 Months	1.86	1.78
36 Months	2.35	2.27
48 Months	2.75	2.67
60 Months	3.16	3.08
72 Months	3.48	3.40
84 Months	3.81	3.73
96 Months	4.05	3.97
108 Months	4.29	4.21
120 Months	4.54	4.46
132 Months	4.78	4.70
144 Months	4.94	4.86
156 Months	5.10	5.02
168 Months	5.27	5.18
180 Months	5.43	5.35

For periods that do not equal an integral number of years, the rates may be interpolated to the upper quarter of a year with finer interpolations permitted to the equivalent of the nearest month. For example, the rates for a period from 0 to 3 months for the 14-day plan would be one-fourth of \$1.38 or \$0.35.

Rates for policies of credit accident and health insurance where the premiums are paid other than on a single premium basis must be actuarially equivalent with the rates specified above.

For open-ended monthly outstanding balance policies that are subject to reporting on the NAIC Credit Accident and Health Insurance Part 2C blank, insurers should calculate their premiums, and then apply an 80% factor.

The Department will not approve rates that deviate from the prima facie rates.

II. OPPORTUNITY FOR A HEARING

Regulation 69-11.1.D.(5) provides that “every insurer which feels aggrieved by any of the rates so promulgated shall have fifteen days to request a public hearing with respect to such rate or rates.” Accordingly, all requests for a hearing must be submitted to the Department in writing on or before August 16, 2022. Please direct any requests for a hearing to the attention of:

Gwendolyn McGriff
 General Counsel
 South Carolina Department of Insurance
